Dear Love Ones at home

I received your most kind and loving letter this eve and was glad to hear from you all and to hear you were all well. I'm still well and working hard, have not lost any time so far this week

The rainy season has come so there will be lots of work for a little while anyway. I will soon have one house plastered so will soon be at finishing.

If I had of known that the lumber had not of been here when I got back here, I would of stayed home a few days longer but as it was I did not lose any time

Mr. Frances is the man's name he has not got his house done yet, been

2) bothered about getting lumber to finish it, but expect to have it done so to move the first of ~~the~~ next week, so you can send those boxes just as soon as you get the time.
My I wish you all could come up here soon, but I guess it will be impossible for some time yet Mr. Instrum (I guess that is spelled right) is the mans name that has got the contract, I think, for the Civic Center.
My those sweet letters I do get, from from my sweethearts I wish I could see them tonight
I have not been out any yet to looks for a lot I don't get time but will try and get out Sunday if it don't rain.
It looks like rain again tonight I hope it won't, but I guess it would make treeplanting last longer if it does rain.

3) I will try and see ~~about~~ what I can do to see Mr. Lewis and have everything fixed up just as soon as I can, I don't feel like laying off to do it ~~but~~ guess I will half to so to see what I will half to do

Well I don't think of any more to write so will try and do ~~the~~ better next time

With Love to All

Yours Pap
